# MONTANA HIGH SCHOOL ASSOCIATION

*PROMOTING SUCCESS ON THE COURT, ON THE FIELD, ON STAGE, AND EVERYWHERE ELSE UNDER THE BIG SKY SINCE 1921*

May 2026

**TO:** **PARENTS OF MHSA SPORTS PARTICIPANTS**
**LICENSED MEDICAL PROFESSIONALS**

**FROM:** **BRIAN MICHELOTTI, EXECUTIVE DIRECTOR**

**RE:** **UPDATED MHSA PRE-PARTICIPATION PHYSICAL EXAM (PPE) FORM**

Article II, Section (3) of the MHSA Handbook requires that a physical exam must be completed for a student to be considered eligible for participation in an Association contest. Physical exams must be completed prior to the first practice. This examination must be certified by a licensed medical professional acting within the scope and limitations of his/her practice. **Physical examinations conducted May 1 and thereafter are valid for the following two school years; Physical examinations conducted prior to May 1 are valid only for the remainder of that school year and the following school year. An interim history form is required during the off years when no physical examination is conducted and must be submitted to the school prior to the first practice. All 9th graders must have a physical after May 1st of the year they enter high school, regardless of whether they had one in 8th grade.**

This MHSA pre-participation form is the only form that will be allowed for the student's exam **(no other forms will be accepted**). The following process should be followed:

- Parent(s)/legal guardian(s) and their student will fill out the History portion of the form together.
- The student and parent/guardian will sign the form.
- A medical provider will review the form with the student and parent/guardian and perform the exam. A signature from the medical provider is required to clear the student for participation.
- The completed MHSA Pre-participation Physical Exam form will be given to the appropriate school administrator.

The MHSA is committed to the safety and health of our student activity participants and believes this new form will facilitate that objective. For further information, the MHSA position statement on two-year PPEs is available on the MHSA website at www.mhsa.org.

If you have any questions regarding the updated pre-participation examination form, please contact me or the MHSA sports medicine liaison, Greta Buehler.

**ALL INFORMATION IS TO REMAIN CONFIDENTIAL**

Pre-participation physical (PPE) exams contain sensitive health information. It is highly recommended the following precautions are taken to protect this information:

- Securely store physicals and additional medical information in locked cabinets or secure digital systems with password protection to protect student privacy.
- Access should be limited to authorized personnel only (i.e. team physician, athletic trainer, school nurse, principal or athletic director).
- Adhere to relevant privacy laws and regulations, such as FERPA (Family Educational Rights and Privacy Act) and HIPAA (Health Insurance Portability and Accountability Act), to ensure that student data is handled appropriately.
- Follow the school district's policies and legal requirements regarding the retention period for sports physicals. Typically, records should be kept for 7 years post-graduation. Make sure that records are disposed of securely, shredding is recommended, when they are no longer needed.

While security is paramount, it is also important to ensure that authorized staff can access these records promptly when needed, such as in an emergency situation. The following strategies can help to achieve this while still maintaining privacy:

- Implement a system for quick retrieval while maintaining confidentiality.
- When collecting physicals, ideally a healthcare professional such as an athletic trainer or school nurse should review each form for pertinent medical history.
- Red flags should then be relayed to the athlete's head coach such as past or current medical conditions, allergies and medications. However, the coach should not have access to the entire physical form.
- If the physician listed any recommendations for further evaluation or treatment on the clearance form, ensure and document that these have been followed.
- The best practices in managing mental health information do not differ from the practices listed above when handling the PPE form. It is the responsibility of the physician administering the physical exam to review the answers, discuss and refer when necessary.

By implementing these measures, we can ensure that student sports physicals are managed in a manner that protects their privacy and meets compliance obligations.
